A NEW TOOL FOR YOUR BUSINESS

GROUNDTEC EQUIPMENT ATTACHMENT HIRE

RAMMER HAMMERS

The familiar red and white **RAMMER** attachments include a range of specialty products for the construction, demolition and quarry industries.

THINK **RAMMER**, THINK HAMMERS AND NOW SO MUCH MORE...

NOISE AN ISSUE?

TRY OUR **RAMMER** CITY SILENCED HAMMERS DESIGNED TO MINIMISE NOISE POLLUTION.

RAMMER DEMOLITION EQUIPMENT

RAMMER'S range of demolition tools include cutter crushers, pulverisers, grapples and mulitprocessors. The **GroundTec** hire fleet will support your primary and secondary demolition needs.

HYDRAULIC COMPACTORS

PneuVibe's series of boom mounted compactor plates offer models suitable for a wide range of applications, from

working in narrow trenches to large backfill operations and provide the most efficient means for vertical and inclined compaction.

GTS DIAMOND ROCK SAW

THE ULTIMATE CUTTING MACHINE

The Ultimate Cutting Machine – the **GTS diamond saw** is exclusive to **GroundTec** Equipment. Lightweight yet strong with bi-directional blade rotation, the **GTS** is designed to suit all carriers.

GTS

TWIN HEADERS

When standard excavation systems won't do the job, try **Simex** twin headers (rotary cutters). Ideal for trench work in hard and compacted ground, for concrete and rock wall profiling, dredging, demolition and quarry work.
