

GTS DIAMOND SAWS

THE ULTIMATE CUTTING MACHINE

Designed and manufactured in Australia with you in mind, the GTS Diamond Saw offers more benefits and features than any other hydraulic saw:

- Lightweight, strong and robust design makes it easy to use
- Bi-directional blade rotation allows for cutting in both directions
- 180 degree rotating head bracket provides rotation without the need to disconnect, saving you time and money
- Instant brake system for added safety
- Offset extension to suit, ideal for boundary cutting
- No case drain line required, saving costs
- Built in water spray system keeps diamonds cool whilst minimising dust pollution
- Rotating shield helps to control water spray
- Heavy duty stand, useful for storing and transport.
